

Galaxolide

CAS 1222-05-5

ALLERGEN STATEMENT

Material	Galaxolide 100 (Undiluted)
Chemical / allergen name	Hexamethylindanopyran
CAS number	1222-05-5
Statement date	15 September 2026
Veriscents material	Galaxolide

Declared allergen information

Allergen name	CAS number	Concentration	Rinse-off	Leave-on
Hexamethylindanopyran	1222-05-5	100.0000%	Declare	Declare

Declaration thresholds

The supplied declaration identifies the material for declaration in rinse-off products when present above 0.01% and in leave-on products when present above 0.001%.

Use and compliance statement

For applications or use levels outside the scope of the supplied declaration, a new evaluation may be required. IFRA use restrictions are based on safety assessments and the applicable IFRA Code of Practice. The manufacturer of the finished product remains responsible for determining the safety and regulatory compliance of the final formulation.

Document note

This Veriscents Allergen Statement reproduces the allergen information supplied with Galaxolide 100 (Undiluted). It does not represent independent analytical testing by Veriscents.
