Product classification	HS 3302.90 — Mixture of odiferous substances of a type used in industry. Does not contain alcohol. Not for food, flavouring or medicinal product use.

Quality control results

Property	Standard	Conformity
Colour and appearance	Colourless to pale yellow oily liquid to solid. Darkening on aging.	Pass
Odour	Sweet and floral	Pass
Solubility	Oil and ethanol soluble, insoluble in water. Miscible with surfactant bases and many fixed oil mixtures.	Pass

Conformity statement

All three reported properties conform to the stated standards. Results are reproduced from the original batch certificate; no independent Veriscents testing is represented.

Other applications or higher concentrations may require a new evaluation. IFRA use restrictions are based on RIFM Expert Panel safety assessments. Individual fragrance ingredients are evaluated under the relevant IFRA Code of Practice standards. The customer is responsible for ensuring final product safety, including further testing where necessary.
