IFRA CONFORMITY STATEMENT

Aldehyde C-10 (Decanal) | CAS 112-31-2

IFRA 51st Amendment | Source certificate: 2 December 2024

Certifying / distributing party: Veriscents, 30 N Gould Street, Sheridan, WY 82801, USA. Regulatory Contact | 877.863.7700

Based on the supplied certificate, this material is reported to conform to the IFRA Code of Practice through the 51st Amendment, when used within the applicable category restrictions below. This statement does not replace a complete safety assessment of a finished formulation.

IFRA application category limits

IFRA category	Maximum level of use
1	Not limited
2	Not limited
3	Not limited
4	Not limited
5A	Not limited
5B	Not limited
5C	Not limited
5D	Not limited
6	Not limited
7A	Not limited
7B	Not limited
8	Not limited
9	Not limited
10A	Not limited
10B	Not limited
11A	Not limited
11B	Not limited
12	Not limited

IFRA-restricted ingredients: The supplied certificate reports no substances restricted under the IFRA Standards covered by that certificate.

Interpretation: “Not limited” means no maximum concentration is specified by the cited IFRA assessment for that category; it does not establish that any use level is safe in every finished product.

Scope: Fragrance raw material Aldehyde C-10 (Decanal), CAS 112-31-2. The source certificate was issued 2 December 2024.
