IFRA CONFORMITY STATEMENT

CALONE | CAS 28940-11-6

IFRA Standards: 51st Amendment (published June 2023).

The supplied certificate reports the following use levels for this material. "Not limited" means no maximum was specified under the assessed IFRA Standards; it does not replace a finished-product safety assessment.

IFRA category limits

IFRA Category	Maximum Level of Use
1	Not approved
2	Not limited
3	Not limited
4	Not limited
5A	Not limited
5B	Not limited
5C	Not limited
5D	Not limited
6	Not approved
7A	Not limited
7B	Not limited
8	Not limited
9	Not limited
10A	Not limited
10B	Not limited
11A	Not limited
11B	Not limited
12	Not limited

Additional information

The supplied IFRA certificate reports no substances restricted by the IFRA Standards referenced in that certificate.

This statement is based on the supplied certificate issued 10 July 2024 and does not represent a new independent IFRA evaluation. Category 1 and Category 6 are not approved. Compliance of any finished formulation must be evaluated separately.
