Additional information

The source certificate states that the material does not contain any substances restricted by the current IFRA Standards as assessed by that certificate.

“Not limited” means the cited IFRA certificate imposes no category-specific numerical limit; it does not establish that unrestricted use is safe or legally compliant. The source certificate does not replace a comprehensive safety assessment.

IFRA Category 1 includes lip products and children's toys. Category 6 includes toothpaste, mouthwash and other products with oral exposure. Category 4 includes fine fragrance.
