IFRA CONFORMITY STATEMENT

Product: Prunella | Intended use: Fragrance ingredient

Standard: IFRA 51st Amendment (published June 2023)
Underlying certificate issue date: September 24, 2024
Product: Prunella

The supplied conformity assessment reports the following application-category maximum levels. “Not limited” means no maximum was imposed by the cited IFRA Standards for this mixture in that category; it does not replace a complete finished-product safety assessment.

IFRA category	Maximum level of use
1	Not approved
2	Not limited
3	Not limited
4	Not limited
5A	Not limited
5B	Not limited
5C	Not limited
5D	Not limited
6	Not approved
7A	Not limited
7B	Not limited
8	Not limited
9	Not limited
10A	Not limited
10B	Not limited
11A	Not limited
11B	Not limited
12	Not limited

IFRA-restricted constituent reported

Constituent	CAS	Concentration in mixture
Coumarin	91-64-5	0.0100%

This statement is based on the supplied IFRA 51st Amendment certificate for the identified Prunella mixture. Category 4 covers fine fragrance. Category 1 (lip products and certain toys) and Category 6 (oral-care products) are not approved. All other listed categories are reported as not limited.
