11B	Tissues, napkins, pillow sprays	Not limited
12	Candles, incense, air delivery systems	Not limited

IFRA-restricted substances

The supplied certificate states that this material contains no substances restricted by the referenced IFRA Standards.

Scope and limitations

This document reflects the information and conclusions in the supplied certificate dated 30 January 2024. It does not constitute a new independent IFRA assessment, a comprehensive safety evaluation, or confirmation against amendments issued after the 51st Amendment. Finished-product manufacturers remain responsible for evaluating the safety and regulatory compliance of their applications.
