10B	Air freshener sprays	Not limited
11A	Diapers / hygiene products	Not limited
11B	Dry tissues / pillow sprays	Not limited
12	Candles / automated air fresheners	Not limited

Restricted constituents: none reported in the supplied assessment. “Not limited” means no numerical limit is specified by that assessment; it does not establish unrestricted safe use. Representative application descriptions are abbreviated; consult IFRA category guidance for full definitions. Other uses may require evaluation. This statement does not replace a comprehensive safety assessment.
