

CLARY SAGE OIL FRENCH

Aromatic Ingredient

1. IDENTIFICATION

Product identifier	Clary Sage Oil French
Product type	Essential Oil
CAS number	8016-63-5
INCI	SALVIA SCLAREA OIL
Recommended use	Industrial fragrance ingredient.
Supplier	Veriscents
Emergency telephone	U.S. Poison Help: 1-800-222-1222 (medical exposure emergencies)

2. HAZARD IDENTIFICATION

GHS classification	Flammable Liquid Category 4; Skin Sensitization Category 1B; Aquatic Chronic Category 3
Signal word	Warning
Hazard statements	H227 Combustible liquid. H317 May cause an allergic skin reaction. H412 Harmful to aquatic life with long lasting effects.
Other hazards	Source SDS states no PBT/vPvB components at 0.1% or higher and no known endocrine-disrupting properties.

3. COMPOSITION / INFORMATION ON INGREDIENTS

Ingredient	CAS	Concentration / classification
Clary Sage Oil	8016-63-5	100%; H227, H317, H412

4. FIRST-AID MEASURES

Ingestion	Do not induce vomiting. Rinse mouth. Consult a doctor.
Eyes	Rinse immediately and abundantly with low-pressure running water. Consult an ophthalmologist.
Skin	Rinse abundantly with water for at least 15 minutes.
Inhalation	Move victim to fresh air.
Important effects	May cause an allergic skin reaction; combustible liquid.

5. FIRE-FIGHTING MEASURES

Suitable media	CO2, foam, dry chemical.
Unsuitable media	Water.
Special hazards	None stated in supplied SDS.
Firefighter advice	No specific advice stated.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions	Avoid contact with eyes and mucous membranes.
Environmental precautions	Do not discharge to sewer or the natural environment.
Cleanup	Recover in a tight container. After complete removal, wash affected area with plenty of water.

7. HANDLING AND STORAGE

Handling	Avoid contact with eyes and mucous membranes.
Storage	Keep away from humidity in a cool place. Keep container closed after use.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Exposure limits	Source SDS states no substances with occupational exposure limit values.
Eye protection	Goggles providing complete eye protection; eyewash bottle with clean water.
Skin / hand protection	Chemical protective clothing; plastic or synthetic rubber impermeable gloves.
Respiratory / engineering controls	Assure good workplace ventilation; provide extraction or general ventilation to reduce vapor concentrations.

CLARY SAGE OIL FRENCH

Aromatic Ingredient

Hygiene	Do not eat, drink or smoke while using.
----------------	---

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state	Liquid
Color	Pale yellow
Odor	Sweet herbal amber-like
Flash point (closed cup)	80 °C / 176 °F
Flammability	Moderate hazard
Water solubility	Insoluble
Vapor pressure	~0.09 mm Hg at 20 °C
Relative density	0.900

10. STABILITY AND REACTIVITY

Stability	Good stability at standard temperature.
Conditions to avoid	Excessive heat.
Incompatible materials	Strong oxidizing and reducing agents.
Hazardous decomposition	None under normal conditions.

11. TOXICOLOGICAL INFORMATION

Information	The supplied SDS lists ingestion, skin contact, eye contact, inhalation and aspiration as not applicable and provides no additional specific-effects data. See Section 2 for skin sensitization classification.
--------------------	---

12. ECOLOGICAL INFORMATION

Toxicity	See Section 2; H412 applies.
Persistence / degradability	Source SDS references REACH data: READBIO 33%.
Bioaccumulation / mobility	No data available.
Other adverse effects	Not known. WGK 2.

13. DISPOSAL CONSIDERATIONS

Waste treatment	Comply with applicable regulations. Discharge is prohibited. Packaging must be well emptied.
------------------------	--

14. TRANSPORT INFORMATION

Road (ADR)	Not classified.
Sea (IMDG)	Not classified.
Air (IATA)	Not classified.
Transport label	No label for transport in supplied SDS.

15. REGULATORY INFORMATION

Regulatory note	Source SDS references EC Regulation No. 2020/878 and WGK 2. No chemical safety assessment was conducted by the source supplier.
------------------------	---

16. OTHER INFORMATION

Veriscents issue date	24 September 2026
Document version	1
Source revision date	30 January 2023
Source document date	24 September 2010

Prepared by Veriscents from supplied safety documentation and reformatted as a customer-facing Veriscents document. Original supplier-identifying information, supplier product codes, addresses, contacts and supplier emergency-service identifiers have been omitted. Technical values and classifications have not been independently re-tested by Veriscents.
